

HIPAA NOTICE OF PRIVACY PRACTICES

Effective Date: October 1st, 2020

*This notice describes how medical information about you may be used and disclosed and how you can get access to this information. **PLEASE REVIEW IT CAREFULLY.***

Your medical information is personal. Barnet Dulaney Perkins Eye Center (“BDP”) and its employees are dedicated to maintaining the privacy of your personal health information (“PHI”), as required by applicable federal and state laws. These laws require us to provide you with this Notice of Privacy Practices, and to inform you of your rights and our obligations concerning PHI, which is information that identifies you and that relates to your physical or mental health condition. We are required to follow the privacy practices described below while this Notice is in effect.

(a) Permitted Disclosures of PHI. We may disclose your PHI for the following reasons:

- (1) Treatment. We may disclose your PHI to a physician or other health care BDP providing treatment to you. For example, we may disclose medical information about you to physicians, nurses, technicians or personnel who are involved with the administration of your care.
- (2) Payment. We may disclose your PHI to bill and collect payment for the services we provide to you. For example, we may send a bill to you or to a third party payor (e.g., your health insurance company) for the rendering of services by us. The bill may contain information that identifies you, your diagnosis and procedures and supplies used. We may need to disclose this information to insurance companies to establish insurance eligibility benefits for you. We may also provide your PHI to our Business Associates, such as billing companies, claims processing companies and others that process our health care claims.
- (3) Health Care Operations. We may disclose your PHI in connection with our health care operations. Health care operations include quality assessment activities, reviewing the competence or qualifications of health care professionals, evaluating BDP performance, and other business operations. For example, we may use your PHI to evaluate the performance of the health care services you received. We may also provide your PHI to accountants, attorneys, consultants and others to make sure we comply with the laws that govern us.
- (4) Emergency Treatment. We may disclose your PHI if you require emergency treatment or are unable to communicate with us.
- (5) Family and Friends. We may disclose your PHI to a family member, friend or any other person who you identify as being involved with your care or payment for care, unless you object.

- (6) Required by Law. We may disclose your PHI for law enforcement purposes and as required by state or federal law. For example, the law may require us to report instances of abuse, neglect or domestic violence; to report certain injuries such as gunshot wounds; or to disclose PHI to assist law enforcement in locating a suspect, fugitive, material witness or missing person. We will inform you or your representative if we disclose your PHI because we believe you are a victim of abuse, neglect or domestic violence, unless we determine that informing you or your representative would place you at risk. In addition, we must provide PHI to comply with an order in a legal or administrative proceeding. Finally, we may be required to provide PHI in response to a subpoena discovery request or other lawful process, but only if efforts have been made, by us or the requesting party, to contact you about the request or to obtain an order from a court or administrative body to protect the requested PHI.
- (7) Serious Threat to Health or Safety. We may disclose your PHI if we believe it is necessary to avoid a serious threat to the health and safety of you or the public.
- (8) Public Health. We may disclose your PHI to public health or other authorities charged with preventing or controlling disease, injury or disability, or charged with collecting public health data.
- (9) Health Oversight Activities. We may disclose your PHI to a Health Oversight Agency for activities authorized by law. These activities include audits; civil, administrative or criminal investigations or proceedings; inspections; licensure or disciplinary actions; or other activities necessary for oversight of the health care system, government programs and compliance with civil rights laws.
- (10) Research. We may disclose your PHI for certain research purposes, but only if we have protections and protocols in place to ensure the privacy of your PHI.
- (11) Workers' Compensation. We may disclose your PHI to comply with laws relating to workers' compensation or other similar programs.
- (12) Specialized Government Activities. If you are active military or a veteran, we may disclose your PHI as required by military command authorities. We may also be required to disclose PHI to authorized federal officials for the conduct of intelligence or other national security activities.
- (13) Coroners, Medical Examiners, Funeral Directors. We may disclose your PHI to coroners, or medical examiners for the purposes of identifying a deceased person or determining the cause of death, and to funeral directors as necessary to carry out their duties.
- (14) Disaster Relief. Unless you object, we may disclose your PHI to a governmental agency or private entity (such as FEMA or Red Cross) assisting with disaster relief efforts.

- (15) Daily Operations. On the day of your appointment, we may ask you to sign your name on a log or “Sign in Sheet” where it could be viewed by other individuals. Throughout your appointment, your full name may be called in our reception area(s) where others may overhear.
- i. We may use and disclose medical information to contact you as a reminder that you have an appointment for medical care or that you are due to receive periodic care.
 - ii. We may contact you by phone, voicemail message, e-mail or in writing. These notifications could be (potentially) intercepted by others. We will disclose as little information as possible, but messages may include notification of optical goods ready for pick up, appointment reminders, access to our patient portal, review of post-operative instructions or other important information.
- (16) Inmates. If you are an inmate of a correctional institution or under the custody of a law enforcement official, we may release medical information about you to the correctional institution or law enforcement official. This release would be necessary (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) for the safety and security of the correctional institution.
